

Starting work at All Seasons Sanctuary Golf Resort

On your first shift you will be met by either Human Resources, the manager of your department, or a supervisor of your department. This person will show you the essentials such as where to put your bag, where you can change, procedures for breaks, where the bathrooms are etc. Within the next few days you will be taken on a short tour of the resort, and within the first month an orientation session will be held to familiarize yourself with the company and the resort.

On your first shift, a new employee kit will be given to you that includes the following information:

- Employee details form
- Bank account information request
- Tax file number declaration form
- Superannuation details form
- Employee Handbook
- Resort brochure
- Social Club information pack

The forms in this pack are to be brought back to Human Resources on your next shift.

Developing your career

If you are planning on a career in hospitality or you have already chosen hospitality, All Seasons Sanctuary Golf Resort is a great place to learn, develop and expand your career. With so many departments within the resort, we have a broad range of career options.

Employees have the opportunity to cross train into other departments to gain more skills, and there are also excellent opportunities for promotion. Many of our employees have moved up the ranks and are enjoying the benefits of working for a company that values employee progression.

As an Accor property, the All Seasons Sanctuary Golf Resort has access to the Accor Jobs network, where employees are able to transfer between properties around Australia and New Zealand. This means even better career opportunities for our employees.
